

DEFINITION LEAPING

PRINTING INSTRUCTIONS PER PARTICIPANT:

- 1 plain paper copy of each page**
- 1 copy of pages 2, 3 & 4 on white card stock.**

DREAM REQUEST – this is a request that if it could happen would be great, but I certainly understand if it is not possible. Pages 2, 3 & 4 were designed to go on the business card format type page. If it is possible to print one copy of each of these pages on that type of paper for each participant, then their game is basically complete except for laminating. If you do this request, do NOT print them on card stock. Thanks. Questions, call Nancy Ziehme at 817-707-5485

Definition Leaping

Objective: Review the meanings of Stevenson vocabulary words and practice the use of formal English

Directions: Teacher passes out set of cards. Game may begin with any student. First student reads definition from card. Note to teacher - handle words in definitions as "feed words". Other students listen to the definition and look at the vocabulary word on their card. If their word completes the definition, then they respond with "I have (insert vocabulary word)." It then becomes their turn to read their definition. Play continues until each student has read a word and a definition from their card. The child who reads their definition first should be the last child to read their word, but don't tell the students this bit of information.

The masters given to you were designed to print on the business card formatted papers available in the office supply areas or retailers. Listed below are 3 clusters incorporating the vocabulary words for which teachers are instructed to chant with their students in the Green Beginning Level of Stevenson Language Skills. These chants are also found in the PAL-GDC chanting chart. Smaller or larger loops may be restructured by the teacher if desired. Do not number game cards. Numbers are provided for ease in accounting for all the cards in a set. Please be aware of the Lesson and Integral number students need to have completed before implementing this activity. Also, some teachers prefer to create their own cards with the word on one side and the definition on the reverse side. This is wonderful, but too difficult for me to create in a master form for duplication purposes.

Cluster 1 Definitions

- Card 1 foam
To ___ means to walk slowly.
- Card 2 roam
To ___ means to jump.
- Card 3 leap
To ___ means to shout loudly.
- Card 4 roar
To ___ means to poke.
- Card 5 goad
To ___ means to cry softly.
- Card 6 weep
A ___ is a baby horse.
- Card 7 foal
To ___ means to glide in the air.
- Card 8 soar
To ___ means to cry loudly.
- Card 9 wail
To ___ means to take off the skin.
- Card 10 peel
___ is tiny bubbles.

Use with Lesson 16 when students have completed through Integral 23

Cluster 2 Definitions

- Card 1 sage
A ___ is a payment of money for work done.
- Card 2 wage
___ is the sound goats or sheep make.
- Card 3 bleat
A ___ day means a dark day.
- Card 4 bleak
To be ___ means to have very little color.
- Card 5 pale
To ___ means to point.
- Card 6 aim
To ___ means to shut.
- Card 7 close
